About Arena TREC

Arena TREC competitions typically run over the winter months and consist of the MA (Control of Paces) and PTV (Obstacles) sections. Scores from both sections are combined with the highest score winning.

MA (Control of Paces) – You will be asked to canter along a marked corridor as slowly as possible then turn and walk back the same corridor as fast as possible. Points are awarded based on speed.

PTV (Obstacles) – The course will consist of 10 obstacles similar to those found in a full TREC competition. Each obstacle is scored out of 10. Competitors may choose to miss an obstacle and receive a score of 0 for that obstacle.
